Leoni
design

Leoni
design

The refined, high-quality gold jewelry from Leoni Design is largely inspired by nature. This is reflected in the organic shapes of the jewelry, but also in the use of rose quartz, blue or green fluorite and diamonds. These gemstones are combined with **14kt and 18kt** gold. Leoni Design is classic and stylish.

ITALO BOTTENE

In 1971 Italo Bottene founded a beautiful jewelry brand under his name. Today, sons Leonardo and Diego are in charge of the family business, they are committed to ensure the brand's signature style. In the Italo Bottene collection, which consists of **14kt and 18kt** gold necklaces with matching bracelets, earrings and rings, semi-precious stones and diamonds are often used; characteristic of their own style. The artisanal, elegant gold jewelry is designed and manufactured in their own workshop in Italy. Real eye-catchers and very fashionable; that describes the jewelry of the Italian Italo Bottene.
